

Internet Safety

Who is on the computer?

- **Only the user assigned to the computer should be on it.**
- **Never let anyone take the computer except for authorized personnel.**

What is my child looking at?

Chrome

- History
 - Tool Bar
- Cache/Cookies
 - Preferences
 - Under the Hood
- Incognito

Safari

- History
 - Preferences
 - General - set how long the history is saved
- Cache
 - Preferences
 - Security

Where is the computer located?

- **Keep the computer in a visible area**

Why

- **Digital Footprints**

- Once information is sent out it cannot be retrieved

- **Safety** □

- Students give away a lot of personal information

- **Cyberbullying**

- There is a false sense of anonymity online
