Mission Statement

The mission of the Montcalm Area Intermediate School District Parent Advisory Committee is to promote partnerships among parents and educators that benefit students with disabilities.

PAC members are recommended for appointment by their local schools and approved by their local school boards. We try to ensure that our PAC members represent the various disabilities of students enrolled in our programs.

Questions regarding our Parent Advisory Committee for Special Education may be directed to any parent representative listed in this brochure. Each member would be happy to help you become more aware of the services available to you and your child.

Goals

... We stay informed about current trends impacting special education and host in-services on topics of parent interests.

... We act as a mentor for parents needing help with the special education process.

... We serve as a resource for the community and parents with special needs children.

... We develop and modify the MAISD special education plan.

Our PAC meets monthly at the Montcalm Area Intermediate Central Office. You are most welcome to attend any PAC Meeting.
